# Submission Guidelines

Papers should be submitted (free of charge) as e-mail attachments to the editors at:

argumentumjournal@yahoo.com

**Text Formatting**

Texts should be submitted in .doc or .rtf format, and edited using the Times New Roman font, 12 point font size (10 point font size for footnotes).

**Abstract**

All papers must include an abstract in English, together with the English version of the title.

**Keywords**

5-10 key words should be provided in English, after the abstract.

**Languages**

English or French

(Beginning with the 2011 issue we do not accept papers in Romanian).

**Title Page**

Texts should be prepared for blind reviewing. Authors should write their name, position, affiliation, and contact information (including e-mail address) on a separate page.

**Citations and List of References**

References should follow the author-date system of the Chicago Manual of Style, the 16th edition (see the Quick Guide).

The citations should be made in the text, in parenthesis, as follows: author's last name, date of publication, page number. They must correspond exactly with the list of references: the sources that appear in one place must appear in the other.

Footnotes should be used only to provide further information about a particular idea.

**Acknowledgments**

Acknowledgments for grants, funds, etc. should be placed on the first page of the article as a footnote.
