

Traineeship Opportunity in Naples

Erasmus Student Association ESA IC Napoli is a non-profit Association, recognized by the Municipality of Naples, created in 2017 by Neapolitan and International students, who have decided to help and support all the International Erasmus Students coming in the city. It offers free assistance services and organize a lot of activities for all students in Naples.

Our main mission is to help and promote the integration of students in the city and promote youth activities and artistic and cultural heritage both locally and nationally. Most of the students we help have an average age of 20-22 years, for this we will give priority to requests consistent with our working context, focused on that age range.

As a non-profit Association committed in the field of youth policies we strongly believe in the professional opportunities that an associative experience can allow to learn . That is why our missions are pursued professionally, even if we're not a profit company.

Why apply for ESA IC Napoli?

- You'll have the chance to meet new people from all over the world;
- You will have a chance to work in the office in international and young environment;
